Operations Update

COVID-19 presents great challenges for us all – economically, but above all on a personal level. However, as we work together, we will overcome these difficult times. I am constantly thinking of our clients, colleagues, friends, and their families – and how GlobalDoc can help.

From a business continuity perspective, GlobalDoc’s information technology infrastructure and support operations are digitally automated and cloud based. This allows uninterrupted access to our global content support teams. LangXpert also provides 24/7/365, safe, secure access to GlobalDoc’s technologies from any location worldwide.

Our operational contingency plans remain in effect. Team members are following directives from governments around the world with respect to social distancing and “work-from-home” initiatives. We monitor and adjust daily as necessary.

Please stay healthy and safe during this time. If there is anything GlobalDoc can do to be of assistance, we will help in any way possible.

For any questions or requests, please contact your GlobalDoc representative or email us at info@globaldoc.com. You may also email me directly at mcooper@globaldoc.com. I would like to hear from you!

Thank you very much.

Sincerely,
Mike Cooper
Founder/President
